The core purpose of the Music PEI Awards remains unchanged—to honour and celebrate excellence within our music industry here on Prince Edward Island.

AWARDS CATEGORIES AND ELIGIBILITY

The Music PEI Awards are categorized into several categories: **General Awards, Recording Awards, Industry Awards, and Community Awards.**

SUBMISSION CATEGORIES

Artists and groups have the flexibility to submit their work in multiple categories. They can enter any number of general categories and up to two (2) genre-specific categories for each recording. For instance, if your album falls into the country rock genre, you may submit it for consideration in both the Rock Recording of the Year and Contemporary Roots Recording of the Year categories. Additionally, artists and groups can submit their work in any number of Non-Recording Categories in addition to General and Genre-Specific Categories.

RECORDING ELIGIBILITY

If a recording remains eligible for two voting years, it may be submitted in both years as long as it hasn't been previously nominated. However, it must adhere to the same rules, with a maximum of two Genre-Specific Category submissions allowed. Once a recording has been nominated in a specific category, it cannot be submitted to that category again in the following year.

REVIEW AND ELIGIBILITY

Each submission undergoes a thorough review to ensure it meets all eligibility guidelines and aligns with the specific genre description. If there are any uncertainties about a submission's alignment with a particular genre, the artist will be contacted by the Awards Committee for clarification. To be considered for a nomination, a submission must receive a minimum score of 65.

CATEGORY ACTIVATION & ALTERNATE CATEGORIES

In cases where there are fewer than the required minimum two (2) submissions for specific categories with scores of 65 or higher, applicants will be contacted. They will be informed that the award category will not be active in that year. Alternatively, if possible, they will be offered the opportunity to select an alternative category for scoring. If they prefer not to move to another category, they will automatically remain eligible in the same category for the following year. Please note that each submission can be carried over only once.

TIMELINE

The scoring of applications will occur between the deadline of November 4th, 2024, and December 30th, 2025. Following the announcement of the nominees in December, the Public Voting online polls will open shortly after. The winners will be revealed during the 2025 Music PEI Week Awards Party, scheduled for March 8th, 2025, in Charlottetown, PEI.

VOTING AND NOMINATION PROCESS

The following section outlines the award categories for the 2025 Music PEI Awards and explains the nomination process for each. Please review this section and the respective forms for each award.

Music PEI presents awards in several categories: **General Awards, Recording Awards, Industry Awards and Community Awards**. The submissions for each award are forwarded to committees of jurors with demonstrated expertise and knowledge of the music industry or specific categories.
